## Canyon Physical Therapy & Aquatic Rehabilitation Cancellation / No Show Policy

The therapists and staff of Canyon Physical Therapy & Aquatic Rehabilitation are glad you are here. <u>You</u> are the reason this Physical Therapy practice exists, and we promise to never forget that! Your successful rehabilitation is our top priority. To achieve the best possible outcome we and/or your doctor have recommended a particular treatment schedule. To attain these results, it is very important that you attend your therapy sessions as scheduled.

We promise that 100% of our effort will go into your rehabilitation, but we need 100% from you as well. We reserve time in our schedule specifically for you. With this in mind, we ask your cooperation by making every effort to keep scheduled appointments.

Please take a moment to review the guidelines we have put in place to ensure that you get the most out of your experience at Canyon Physical Therapy & Aquatic Rehabilitation.

- Please give at least 24 hour notice in the event of a cancellation. If you are unable to give 24 hour notice, please contact us as soon as possible.
- If you are more than 15 minutes late, your appointment will more than likely need to be rescheduled due to conflicting appointments and a no show will be recorded for that day. If you are aware that you are going to be late, please call the office and let us know.
- If you do not call, you are considered a NO SHOW. If you no show for your Initial Evaluation, we will not follow up and you will be removed from the schedule. You may not be rescheduled if you no show to the evaluation. You will receive one courtesy call after your first No Show of a follow up visit, any additional No Shows will result in removal from any future scheduled appointments. You will need to call to resume and reschedule your appointments for physical therapy. The accumulation of 3 No Show appointments will result in discharge from the therapy program. You will be required to obtain a new order from the referring physician before any further appointments can be scheduled.
- Three (3) late cancellations (within less than 24 hours of your scheduled time) within a 30 day period will also result in discharge from the therapy program.
- You may be subject to a \$25.00 charge for a cancellation without proper notice (notice given within less than 24 hours of your scheduled time). This charge will not be covered by insurance, but will have to be paid out of pocket.

**Worker's Compensation** and Personal Injury patient's documents of **any** missed or cancelled appointments are forwarded to your case manager and primary care doctor. This could jeopardize your claim and prolong or stop any benefits you may be entitled to.

Please DO NOT CANCEL if you are feeling worse and believe the treatment is not working. Keep your appointment and discuss any changes with your therapist. Please understand that your pain will probably fluctuate as your course of treatment progresses.

Please DO NOT CANCEL if you are feeling better. Keep your appointment in order to progress your plan and prepare for discharge.

When you don't show as scheduled, three people are hurt. You, because you don't get the treatment you need; the therapist, who now has a space in his/her schedule since the time was reserved for you personally; and another patient who could have been scheduled for treatment if you had given proper notice.

We appreciate the opportunity to provide you "Uncompromising Care". Thank you for your consideration of our staff and other patients.

### Canyon Physical Therapy & Aquatic Rehabilitation Consent of Treatment

I do hereby consent to such treatment by the authorized personnel of Canyon Physical Therapy & Aquatic Rehabilitation as may be dictated by prudent medical practice for my illness, injury or condition. This consent is intended as a waiver of liability for such treatment except acts of negligence.

#### AGREEMENT TO USE EXERCISE ROOM

As part of your Physical Therapy treatment, we anticipate having you use our exercise equipment area. This area consists of exercise equipment and tables where you may receive treatment. Because of the nature of this arrangement, other patients may see parts of your treatments. We are committed to protecting your privacy and will keep your health information confidential. If at any time during your treatment you ever feel uncomfortable, please request to be moved into a private treatment room.

#### AQUATIC PHYSICAL THERAPY PROGRAM AGREEMENT TO PARTICIPATE

Aquatic physical therapy can have benefits for a wide variety of patients and diagnoses. This type of rehabilitation can help an individual regain function after an injury. At the same time it helps maintain or improve your current level of fitness while the body heals. It is a safe and progressive type of rehabilitation because it takes place in a gravity eliminated/reduced environment and diminishes impact from weight-bearing joints.

You do not need to know how to swim to participate and your treatment will be directed by a licensed physical therapist. Activities may include water walking, running, stabilization, flotation and using various buoyancy or resistance producing equipment. General strengthening exercise using the water as resistance or assistance, depending upon the goal of treatment, will also be incorporated into your program.

Your program will be designed based upon your specific needs as identified by your physical therapist and approved by your physician. The session will be approximately 30-60 minutes in duration and when the treatment concludes you must exit the pool and supervisional responsibility by the physical therapist is no longer in effect. The pool deck and adjoining areas may be wet and caution must be taken by the patient when ambulating in these areas. You should also leave your self adequate time prior to and after using the pool to change clothing and other personal care needs.

Risks may include, but are not limited to, allergic skin reactions, changes in blood pressure, lightheadedness, eye irritation, swimmer's ear, dehydration and hyperthermia.

It is assumed that the participant will disclose any conditions that may prevent or be relevant to safe participation in the aquatic exercise program. I understand that my participation is voluntary and I can cease participation at any time. This is part of the physical therapy program based upon the physical therapist's evaluation and will conclude once the goals are met or progress plateaus.

# ACKNOWLEDGEMENT OF RECEIPT OF CONSENT OF TREATMENT, AGREEMENT TO USE EXERCISE ROOM, AGREEMENT TO USE POOL, CANCELLATION / NO SHOW POLICY, AND THE NOTICE OF PATIENT PRIVACY & INFORMATION PRACTICES.

I have received, read and fully understand the above mentioned documents and agree to the participation of these documents.
